BRIEF ABSTRACT OF LETTER

Requests sanction to the Chikballapur town Municipal Council's proposal to incur an expenditure of Rs 200/- for the preparation of a town map after necessary survey, with a view to get up a drainage scheme for the town.

NOTES AND ORDERS

y In this connection, attention is respectfully invited to paras 4 et seq of the notes in the file 4 of 1911. In 1907, Govt: sanctioned the Dy. Commissioner's proposal to have the Municipal town in the District surveyed as a preliminary to

preparation of comprehensive drainage projects later on as funds permitted, & the towns of Kolar, Bowringpet and Chintamani were surveyed and necessary plans prepared at a cost of Rs 1200/- for each town. The Dy. Comr. Mr. Boswing having however considered that the work was not worth the expense, the further work was abandoned. The Dy. Comr. was however informed that if survey plans were required the Sanr. Engineer would be requested to furnish estimates of cost to the local authority concerned, and when sanctioned, to prepare the maps. That was done in the suggestion of the then Chief Engineer who considered that the Revenue officers would not be in a position to supervise the surveyor's work & that it should be done under the supervision of a technical officer. In these circumstances instructions were solicited as to whether the Chief Engr. may be requested to ask the San. Engr. to furnish estimates for the proposed work and to prepare the maps when funds are made available
